## Date Set For First 5-String Banjo Festival

J. Franklin Vaughan, President of the Appomattox County Chamber of Commerce, and Howard D. Wolfe of Roanoke, founder of the Virginia State String Music Association, Inc., announced on Thursday plans for the first National 5-String Banjo Festival to be held in Appomattox County on Saturday, May 26, Memorial Day Week-end.

Initial plans include the participation of nationally known personalties who appear on television, in theatres, and in motion pictures.

Wolfe founded the first Barn Dinner Theatre in 1962 in Richmond, Virginia and is the founder and owner of the Barn Dinner Theatre in Roanoke, Virginia, which was founded in 1965. Dinner Theatres were then built in Greensboro, Atlanta, and there are now five in Texas, one in Denver, St. Louis, Columbus, Alabama, and Tampa. Dinner Theatre, the most successful marriage around, now employs more stars - actors and actresses - than all other media put together.

The members of the Rocks Quartet have acquired a new bus to be used in various trips they make to churches, club groups and other places singing Gospel Songs. Pictures above, with their new bus, members of the Rocks Quartet are, from left to right, James Paulette, Thomas Ranson, Aulden Roach, Sam Dickerson and Lloyd Richardson.

## Rocks Quartet Acquires New Bus

As the year '72 has come and gone, several dreams have come true for the "Rocks Quartet". Even this early in 1973 we find this to be another very promising year as it unfolds another dream for the Quartet.

We are very pleased to be the proud owners of a vehicle which will transport "The Rocks Quartet" all through the state and maybe even beyond.

We are the first to realize without the blessing of God and the help of many of our friends this could not be possible. We would at this time like to express our sincere thanks and appreciation to all of those who have contributed in many different ways to help make this project come true for us.

As you travel the highways about the country, if you shoot see an unknown and different vehicle, it could be us! Again thanks and may God bless each of you.

## Outdoor Burning Law In Effect

Warren Taylor, County Forester, would like to remind all people that the Outdoor Burning Law, the law requiring safety in burning brush, trash, and other debris, that became effective March 1, is still in effect. Remember, it can rain all morning and there can still be a big fire started accidently in the afternoon.

The Outdoor Burning Law, known as the 4:00 p.m. law, **actually applies** to the burning of any materials in the outdoors.

The regulation, designed to reduce the number of escaped grass and forest fires,requires that burning of any materials or debris can be done only between the hours of 4:00 p.m. and 12 mid-night if the fire is in or within 300 feet of forestland, brushland or other inflamable material. The law is effective from March 1 through May 15th of each year.

# School Budget Gets Supervisors Approval

Shown above are some of the forty plus children participating in the Enrichment Program for preschool children sponsored by the Appomattox Assembly and being held in "cramped" quarters at the Appomattox Intermediate School Vo-Ag building. Mrs. Virginia Goode, teacher at Appomattox Primary School, shown above working with the children, volunteers her time each Saturday morning to help ALL CHILDREN who can't attend private kindergartens. Mrs. Mary Moore, teacher aide, and Rev. R. Q. Lawing, president of the Assembly, are shown in the background. Beginning Saturday these children will be meeting at the Primary School in classrooms that are styled to accomodate more children.

## Proposed Budget Cut $16,864

Eugene W. Peyton, Superintendent of Schools, and Dr. A. A. Fratrick, Chairman of the School Board, appeared before the Board of Supervisors in the afternoon session of that meeting on Friday to present the proposed School Budget for the 1973-74 school session. Peyton reported that he had personally contacted each of the Supervisors prior to the meeting to make them aware of the proposed budget.

Supervisors approved the total minimum budget required to meet the Standards of Quality Education required by the state. The proposed budget had amounted to a total of $2,119,674 which was $16,864 in excess of the minimum foundational program required.

School Board members highly commended the Superintendent for his time and extra effort spent in the handling of this matter.

Rev. R. Q. Lawing, President of the Appomattox Assembly, and Mrs. Hannah Rice, General Secretary of the Assembly, which is a statewide organization, requested that the board allow the Assembly to use classroom space at Appomattox Primary School each Saturday morning from 9:00 a.m. until 12 noon as a place for preschool preparation or kindergarten that could help children, both black and white, who could not attend private kindergartens. The Assembly has been holding classes for preschool children in the Vocational Agricultural building at the Appomattox Intermediate School for several weeks. They now have forty-one 5 and 6 year old children enrolled and are in need of additional space, according to Lawing. He further reported that Mrs. Virginia Goode, teacher at Appomattox Primary School, some retired teachers and teacher-aides have volunteered to render their services at no cost to the school system. Many children in our country are being denied the advantage of kindergarten or pre-school training and with the additional space they could attend if they so desired.

Sam Kerr, attorney for the school board, advised that
